Sir:

In response to the Examiner's official action dated December 13, 2005, in the above-identified U.S. patent application, Applicant requests entry of the Amendments to Claims, as shown in the marked-up listing of claims appended hereto. Claim 8 is rendered into allowable form by rewriting as an independent claim incorporating the limitations of the rejected base and intervening claims. The other claims are amended to be dependent from new main Claim 8. The redundant Claim 6 is cancelled.

The Examiner's objection to the drawings is respectfully traversed. The cogs recited in the claims are described on Page 4, lines 15-20 of the Specification, and shown in Fig. 2 as a large fan-shaped cog F which engages driven cog E. Therefore, the term "cogs" in the claims is deemed to be shown in the drawings and supported in the Specification.

CERTIFICATE OF MAILING:

The undersigned certifies that the foregoing is being mailed on March 11, 2005, by depositing it with the U.S. Postal Service, first class postage paid, addressed to: Mail Stop: Amendments, Commissioner for Patents, P.O. Box 1450, Alexandria, VA 22313-1450.

CORRECTION OF CORRESPONDENCE ADDRESS:

The Examiner is requested to enter a change of correspondence address for the applicant's attorney of record, as listed under the signature line below.
